He kills Kaigaku, and therefore Zenitsu redeems his master tragically late. As a result, they have been curious about the history and skills of Zenitsu Agatsuma. In short, although known to be something of a frightened cat, Zenitsu can hang with the best of the demon killers in almost any ³ situation. As the struggle between Kaigaku and Zenitsu begins to escalate, Zenitsu requalifies with his optimal breathing form ³ thunder himself, cutting off Kaigaku's head in the process. Although he survived the selection ³, Zenitsu is clearly not mentally ready to be a proper demonAaco killer. He passes the selection³ in the end, gets his Kasugai ³ (instead of a raven), and then meets Tanziro Kamado as he roars a woman's hand for marriage. Powers and abilities Some of Zenitsu's most important inherent strengths are his exceptional sense of audience and his ability to feel the emotions of living beings through his ³. Jigoro is a former Thunder Hashira and takes Zenitsu to train him on the paths of thunder ³. The way their stories collide and are resolved in the series' final caps are done brilliantly, giving both appropriate and well-written closures. Upon entering the house, Tanjiro and Zenitsu are separated, which leads to another ability to spread the Slayer of Zenitsu. Zenitsu survived, but her hair changed from black to the yellow margin mark seen throughout the series. Tomioka is also a water Hashira, putting Zenitsu as comparable to a hashira in this respect. Edited by Ravi Iyer Ä By the biggest capÄtulo, we see Zenitsu barely living up to the attacks of the Kaigaku attacks, so watching Zenitsu fight with this huge Dragon Dragon strike leaves a powerful impact on the reader. The from Kaigaku to Kokushibo's hands and offering to become a demon made him question the path he had set himself on and join him aside. side .setnedecetna .reyalS nomeD led reyalS oinomeD led
